

BLIZZARD BAG #1

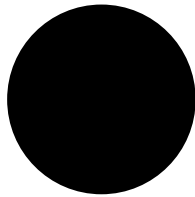

USING LINE TO CREATE PATTERN

Mrs. Beall
8th Grade

This assignment will take approximately 40 minutes to complete, but if you are really interested it could take much longer and could be extremely beneficial.

Basic Instructions: On a sheet of plain white paper (8½ x 11 computer paper is OK) lightly draw enough circles to fill up the paper. Use a variety of sizes and placements. You can strive for perfection and trace around objects or go for a more personal look and freehand them. Some circles can be solid but most should be open so that when you overlap them you can see thru to the circles underneath. Fill the circles in with a variety of line widths. You may use any art supplies that you have available for drawing the lines: graphite, colored pencils, markers, etc.
