

Art I Blizzard Bag #1

This assignment should take approximately 40 minutes to complete, but if you are really interested in it, or if you could use additional practice, feel free to work longer.

Assignment: Create a drawing that is inspired by a snack food. Your drawing must fill the paper and the paper must be at least 8½" x 11". It can be done in color or black and white. The snack food **MUST** have a wrapper and look as though it is in the process of being eaten. Try to arrange the snack in an interesting way so that both the snack and the wrapper are seen: spill a bag of chips, take a bite out of a candy bar, etc.
