Directions:

Open the “Blizzard Bag #1” assignment on Study Island. Print and read the lesson, highlighting the important terms as you go along. If you cannot print the lesson, take notes. Paper copies can be provided to students when they return to school. Next, click on Practice and answer the questions to the best of your knowledge. Use your resources (the lesson, your textbook, and your science notes) to find the correct answers. You will need to answer a minimum of 25 questions. You will need to answer at least 18 correctly to earn a 70% and receive the blue ribbon.
