

Yearbook - Blizzard Bag

Learning Targets

I can create yearbook pages using the Studio Works software.

I can proofread and edit previously created yearbook Pages.

Continue working on your assigned yearbook pages. Since you are unable to access the pictures from the school network, concentrate on proofreading and adding captions to your existing work.

The website for StudioWorks is sw.balfour.com.

Feel free to email me at amy.borton@omeres.net if you are having any problems. I will be checking my email frequently throughout the day.
