

Presentation Graphics
Blizzard Bag #2

Learning Targets:

- I can list characteristics of different types of presentations.
- I can create a presentation following the Lessig style.

Read this [article](#) about different presentation styles and which one you should use. Follow the link in the article to the Lessig-style to see an example.

1. What do you think about the Lessig style? Have you ever watched that type of presentation? What are some of the advantages of using this style?

2. What do you think would be difficult about creating a presentation in the Lessig format?

3. Using the space below, sketch out a Lessig style presentation. Pick your favorite animal as the subject matter. The first 2 slides are shown. Continue with the remaining slides on the back or another page.
